

JANUARY 1966

Box 25 Nash. DARTMOUTH RADIO ASSN.
350 Donald St. So. DARTMOUTH

No. 1

HAPPY NEW YEAR!

Price: Nothing
(cheaper than Wayne Green)

Published by the South
Eastern Massachusetts
Amateur Radio Association,
Incorporated,
54 Donald St.
So. DARTMOUTH, Massachusetts
Editor: W1CCM

Club meetings are held every
Thursday night at 7:30 p.m.
VISITORS WELCOME!!!!!!

TRAFFIC

Christmas traffic was hand-
led by K1VOK, W1D1V, and
W1FJL. If anybody has
additional messages, don't
stop now. By sending traffic
for friends, relatives, etc
all year round, we can help
sell ham radio to the public
who thinks that all we do is
cause IV. Why not ask
around and solicit a few
messages from friends (or
enemies). There must be
someone that you know who
might like to receive a
radiogram.

NEW CLUB OFFICERS

Effective January 1,
1966 the new club
officers are:
Ray Smith, K1VOK,
President
Mike Snow, W1BZJ,
1st Vice President
Don Hansen, W1CPS,
2nd Vice President
Bill Langley, W1CCM,
Sec of Directors
Bill Miller, W1BKH,
Sec of Directors

Secretaries, we
and hope that we
can be of service to the
club in this task and
that the new
club officers have
utilized in the club.

Kind is needed for
ham traffic, Alameda
in order to make a
good square connected
with his job.

W1FJL

If you want W1FJL on
00, 17 or 15 (for channels)
it is his phone.

Paul Peterson will also be on
the 100 band soon with his
new 100 band dipole.

W1C1U received his
new call letter plates
The only trouble is
that they read some-
thing like 088-304.
Hi! Oh well, Joe,
at least your new
00 mtr dipole is
working ok.

...with the purchase of new equipment.
...the results of the meeting it
...that the new club officers by
...end of February. The new equip-
...will be at a lower cost
...to the expression of
...of the club.
...of the club.
...of the club.
...of the club.

...WANTED: ...
...needed for ...
...can ...

...RECORD:
...at 7:30, adjusted at 7:00,
...at 7:30 seconds later.

...in Skitteryville, Wisconsin
...the holidays, some of the working
...radio A but will be ...
...and we should ...
...around here. You're always
...that antenna into a coil for a
...Bill, Mike.

The Wind of Paradise, do a backstroke in ... over this holiday season.

LIBRARY BOOKS

Members are requested to return reference books to the SEPARA library as soon as they are finished with them. Due to the constant demand of reference material from members and local research organizations even our extensive library is rapidly depleting.

Although coal is being utilized in the stove we still need more wood and especially paper to get the fire started.

WALDHQ finished building his quad for 10, 15, and 20 and he was so anxious to greet it that he worked in a hail storm last Sunday.

ANYONE FOR ANTARTICA?

All Antarctic stations have been heard consistently about 1:30 to 5:00 a.m. from 14.250 to 14.265 looking for phone patches into WB and WI land. W1PJI and W1OBU say to look for KC4USN, KC4USG, KC4USX or KC4USO.

WPEIGCK has a new 6 mtr converter. But it doesn't do anything but sit and stare at him!!!

KLINO reports that he has worked a new local, W1PFF, whose QTH is in Mattapoisett. PFF was formally a member of the Torrington, Conn. Radio Club.

HELP! HELP! HELPS

W1ICOM is looking for post-marked QSL cards, postcards, or postmarked envelopes from Alaska. Any town or any date.

W1LAZ's new beam is being used-but not by Whit. Seems that just after Christmas some young neighbors were experimenting with new walkie-talkies near Whit's antenna feed line. (Thought that ur signal was a little stronger, Whit)

W1IFED has donated his illustrious Christmas gift to the club. How could you part with it Barry? Now all we need is plumbing.

K1DK's Suz. is still flying strong. (I ought to know; I'm copying him on my T/)

Anybody interested in cw traffic call break in on the EASN (slow net) at 1800 hrs on 3745 kcs. It is on 7 days per week.

CHRISTMAS PARTY

Congratulations

are in order for Dick, W1LCRA, for the great job he did as chairman of the Xmas Party. The food was plentiful, The decorations, superb and the coffee, hot. Many unique gifts were exchanged and a good time was had by all

A sample of the Northeastern DX Association DX Bulletin is posted on the club bulletin board.

CW men, Watch Out!!!!!! W1EBWB received a bug for Christmas.

U F O 's AGAIN

Reports have been coming in from everywhere that an unidentified flying object was seen. Even the astronauts in space have reported seeing it in orbit. The strange part of all this story is that it does not resemble a flying saucer. Everyone claims that it looks more like a AF-68.

NEWS NEEDED!!!!!!!!!!!!

C'mon men! We need news. It is very difficult to edit a newspaper with nothing to edit. You can see for yourself by the junk that we are putting in this issue.

Ur nosy editor

Lately every qth seems to have new antennas, with one exception W1ICOM has taken down all of his.

W1BZJ has received a plaque from the U.S.S. Cascade for handling Marine Mobile phone patch traffic. Nice going, Mike! The op on board the ship, W00VD, Jerry Poole, will be a guest at W1ABC this week. Jerry's home QTH is the Chicago area.

Compliments are in store for the group that worked so industriously on the club house interior last month. We can thank them for the new paint job, fluorescent lights, formica operating bench, new library shelves and new recreation center. We think that thanks should also go to CRA's XYL who made the new curtains.
