Lester J. Shuman, Editor
WALNAN

Now at the club meetings, the new form of conducting the meetings will be started as: -----and in this corner, members of the 'Rifle & Gun Club', and, in that corner, --- members of the 'Elevated' or should I say "Glorified 'CB' Operators"-----and, the rest of the body etc., etc., etc.--- Ha, ha, ha, ha. Bye-thebye--you CMs have already discussed 'pro & con' regarding the FCC proposals and National Environment Act Docket 19-555. Anyways, your editor thanks each and all for showing such interest.

Will Durant once said: "The finger that turns the dial rules the air".
Unquote-----I wonder ? ? ?

Food for thought----- How about a lecturer or someone of authority to speak on and describe methods regarding TVI and Ways & Means to overcome the different problems of TVI? ? ? eh ? ? ?

Operating Hint - - -Is that dial cord on your receiver slipping ?
Dissolve a small piece of resin in alcohol and then paint the solution on the cord. The alcohol evaporates; the resin will prevent the cord from slipping.

Bits from here-'nd-thar----Wonder if U boys got in on the 6 Meter Skip in the latter part of December? Charlie, WALPFA did -----something like 20 States---12 States he already had before and that (20) gives him a total of 32 States worked and 32 acknowledged !!-----Again Charlie WALPFA Hits the News---he has been appointed OVS for ARRL.-----AND AGAIN,!!!----- WALPFA has a certificate from the Elmwood Park, Ill. Civil Defense for contacting 3 members of said organization (which is required) and showing proof by the members within 9 minutes -- That's a record for doing that in that outfit. CHEERS!! HARRAH!! HARRAH!! ---'nd how about George WALKFM trying to become a carpenter at his age?!!? ---anyways, good luck, George!!!

NEWS from So. East'n. Mass. area-----Richard J. Halliwell, KLANA, No. Dartmouth, has a new antenna rig up at his QTH for 6 meters. Harry F. Wheeler, KLSMR of North Street, New Bedford has contacted Lloyd W. Chase, K1UJY of Bourne, Mass. Monday thru Friday, each morning at 0900 on 6 meters, 50.2, since 1964. Fine Business, CMs, aye, aye, aye, aye.

And so we come to the ending with what Alexander Woolcott wrote: "I am going back to the microphone as a drunkard to his bottle."
