LETTER TO ALL MEMBERS

Dear Member.

> Bill Miller K113F Président

COMPUTER TIME

Mike, WAIBZJ, has two club oriented programs on disc that he runs on his home computer. One is a mailing list program with all club members listed, the other is a word processing program used to generate the club directory. A copy of the latest club directory printout is part of this issue of Zero Beat. The mailing list is used to mail club notices and Zero Beat. Hats off to Mike for his tireless efforts in behalf of the club.

LATEST HAPPENINGS

The club was the scene of much activity this fall. Thanks to the tireless work of Gilly, KISMY, the two rest rooms have been completed and are functional - complete with the proverbial hot and sold running water. Not only did Gilly finish off the rest rooms but he built a kitchen nook as well! Boy, when Gilly gets rolling - LOCK OUT!!!

Bill, WAIFYF, has winterized the water system with heat tape and insulation in the basement as well as small electric heaters in the rest rooms in case our heating system fails to function.

Mike, WAIRZJ, led a crew that ran a cable to connect up the electric stove in the kitchen nook. Rumor has it that kale soup will be brewing soon. By the way, the stove we have is large and needs a little repairwould any member have an apartment size stove we could beg-borrow-steal?

NEWSBOX OPENED

The baby blue box marked Zero-Beat that is used to collect articles to be put in this newsletter was opened in december and was found to be void of anything. Not even a joke deposit like half a movie ticket. PLEASE - submit your ideas and articles for publication. Type them if you wish, we can print them as received!

1984 CLUB OFFICERS ELECTED

The annual club elections were held on December 1, 1983 to elect officers for 1984. The winners of the election were declared as follows:

President-Bill Miller, K1IBR
Vice Pres-Bill Pierce, K1YMW
Secretary-Mike Ponte, WA1BZJ
Treasurer-Bill Field, WA1FYF
Directors-Joe Nunes, N1BGR
Bill Mercier, WB1ERS
Joe Midurski, W1EKW
Trustees-Dave Goldstein, WA1VFY
Dick Halliwell, K1AHA

1984 OFFICERS GEAR UP

The 1984 Board Of Lirectors met Dec. 8,1983 at Lums resturant. The meeting was originally slated for 6 P.M. at the clubhouse, but upon arrival at the club it was discovered that we were out of oil and the clubhouse resembled an icebox! It seems the level indicator on the oil tank is stuck at } full (or 🖟 empty if pessimistic). Telephone arrangements were made to secure some oil and the group adjourned to Lums. It is hoped that this turn of events was not an omen indicative of the year to come. Following a general chow-down the board came up with several ideas to make 1984 a banner year. A list of proposed events follows:

Potluck supper and installation of Officers at clubhouse Raffle - T.V. and scanner, etc. Auctions - Spring and fall. Foxhunt this summer Code classes this fall 26 Week Club Banquet Christmas Party

Other items discussed included the following: The publication of a booklet "SEMARA - The first fifty years: 1932-1982"; the need to repair the outside of the clubhouse; creation of a fund similar to the old building fund except that this one would be to pave the driveway up to the boiler room; the holding of winner takes 50% raffle at all club meetings; hiring of a bulldozer to level the fill; repairing of all club antennas; the need to prevent freezing of the water system; and varlous other topics. LATE ITEM -LETS GET THE EMERGENCY GENERATOR IN SHAPE - FIELD DAY WILL BE HERE BEFORE YOU KNOW IT!

ZERO BEAT NOTES

Zero Beat will be published quarterly during 1984. The format will be changed to a booklet style. News items are always in need, so please submit articles for publication. Did you know that the original Zero-Beat was one page reproduced on a hectograph? The hectograph is a tray of a jelly-like substance that takes impressions from a master typed with a special ribbon. The finished product looks like a blurred mimeograph copy. The first year of publication was 1965. (Remember ???? - the club was in a quonset hut with a wood stove for heat and an outhouse for relief!)
