PRESIDENT'S REMARKS

Well, Happy New Year to one and all. It's a new year with new plans ahead but before I get into that I would just like to say thanks to Bill Miller K1IBR for his help, and to everyone who made last year so successful.

I'm hoping we can be as successful as last year, but it's going to take more than just a few of us. We need your help in this years projects. Such as Pot Luck Suppers and Breakfasts, 25 week club, auctions, flea markets, and demonstrations of amateur radio to the public.

I hope I can count on each and everyone's support and participation to make this coming years events as successful and properous as years in the past.

If anyone has any ideas or comments or for any reason problems they want solved please don't hesitate to call me at home - telephone 992-6373. If I'm not home leave a message with your name and number or try again.

Best 73's to everyone and CUL

CLUB'S TEN-TEC REPAIRED

Recently, when the ten-tec was tried out on the triband beam, it couldn't receive. The problem was traced to a bad switch on the rear of the set. The set now receives A*O*K and in fact a contact was made on 20 - with a ham in North Dartmouth!! Great DX !! It now appears that the P/S may be defective.

***** NOTICE *****

The following will be voted on at the February meeting:

January 3, 1985

We the undersigned propose a change in the club constitution as provided in article XII.

It is proposed that article IV, section 2a of the bylaws be modified to read:

A quorum shall be acheived if ten or more voting members in good standing are present.

Signed:

1. William M. Miller Jr.
2. Andrew J. Reuter
3. Alindo Dos Santos
4. Armand Augustine
5. J.M. Arsenault
6. Norman F. Riley
7. Norman R. Robitaille

TEST SESSION

The club's ARRL-VEC team will be conducting a test session on February 14, 1985 (Thursday) at 6 P.M. in the clubhouse for persons wishing to become amateurs as well as those upgrading. The fee for the test is \$4.00, which should be in the form of a check made out to ARRL-VEC. For complete details contact Wayne Kingsley, WA1CCM at 995-6541.
